## FOREWORD

*500 Contractors Receiving the Largest Dollar Volume of Prime Contract Awards for Research, Development, Test, and Evaluation (RDT&E)* is published annually by the Office of the Secretary of Defense, Washington Headquarters Services, Directorate for Information Operations and Reports (WHS/DIOR).

This report provides information on the 500 contractors that received the largest dollar volume in Department of Defense (DOD) prime contract awards over \$25,000 for RDT&E in Fiscal Year (FY) 1983. These data are presented in five tables showing:

1. An alphabetical listing of the top 500 companies, with rank;
2. The ranking of and net value of awards to business firms operating in the United States;
3. The ranking of and net value of awards to educational and other nonprofit institutions operating in the United States;
4. The ranking of and net value of awards to foreign contractors; and
5. The ranking of and net value of awards to U.S. Government agencies.

The report is approved for public release at cost; distribution unlimited. Requests for additional copies should be addressed to the Director for Information Operations and Reports, Washington Headquarters Services, The Pentagon, Room 1C535, Washington, D.C. 20301. (When ordering, cite publication number P02).

## TABLE OF CONTENTS

Introduction .....	1

### Tables:

Table 1. Alphabetical Listing of the Top 500 DOD Prime Contractors for Research, Development, Test, and Evaluation: FY 1983 .....	5
Table 2. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to Business Firms: FY 1983 .....	11
Table 3. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to Educational and Non-profit Institutions: FY 1983 .....	25
Table 4. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to Foreign Contractors: FY 1983 .....	29
Table 5. Net Value of DOD Prime Contract Awards Over \$25,000 for RDT&E to U.S. Government Agencies: FY 1983 .....	31

## INTRODUCTION

This report presents summary data on the 500 prime contractors receiving the largest dollar volume in Department of Defense (DOD) awards over \$25,000 for research, development, test, and evaluation (RDT&E) work during Fiscal Year (FY) 1983. RDT&E work can include research, exploratory development, advanced development, engineering development, operational systems development, or management and support services. (Full definitions for each of these categories are provided in Defense Acquisition Regulation 4-101.)

Table 1 (page 5) lists the 500 contractors in alphabetical order, shows the ranking for each, and shows how each has been categorized for reporting purposes. The categories are business firm (B), foreign contractor (F), and nonprofit institution (N). Table 2 (page 11) shows the net value of awards to business firms operating in the United States, by rank. Those firms which qualify as small businesses are further identified by an "S". The net value of awards to each of the firm's individual locations is also provided. Tables 3, 4, and 5 (pages 25, 29, and 31, respectively) provide the net value of awards to educational and other nonprofit institutions operating in the United States, foreign contractors, and U.S. government agencies, respectively. (While awards to U.S. government agencies are listed separately in Table 5, these agencies are categorized as nonprofit institutions in Table 1.) As in Table 2, contractors in Tables 3 through 5 are shown by rank, along with the net value of awards to each of the contractor's individual locations.

## NOTES ON COVERAGE

The dollar amounts shown here include prime contract awards over \$25,000 for RDT&E work only. Data on awards for other services, such as training, and on any supplies furnished by the contractors in support of research being done are excluded. Contract awards for civil functions have been included in these data. Civil functions encompass planning, programming, designing, constructing, and operating Federal water resource projects for navigation, flood control, hydroelectric power production, water supply, and other related activities.

The locations shown in the tables are the places where the work was to be performed. Normally, this is a facility of the concern awarded the contract. However, if the work was scheduled to be performed at a Defense facility, such as an Air Force base, the location shown is that of the Defense facility rather than the contractor.

## HIGHLIGHTS OF FY 1983 DATA

The following table shows the net value and percent distribution of all RDT&E awards, RDT&E awards to the top 500 companies, and all other RDT&E awards for FY 1983.

**Department of Defense Prime Contract Awards Over \$25,000**

Business Firms	27	14,975	*	4	9,415	*	23	5,560	2

\* Less than 0.5 percent.

NOTE: Totals may not add due to rounding.

The distribution of FY 1983 awards varies only slightly from that in FY 1982. In FY 1983, the top 500 contractors included 382 U.S. business firms (175 of which were small businesses); 110 educational and nonprofit institutions; 5 foreign contractors; and 3 U.S. government agencies. In FY 1983, there were 102 contractors on the top 500 list that had not appeared on the FY 1982 list.

In FY 1982 the top 500 consisted of 379 business firms (192 were small businesses); 110 educational and nonprofit institutions; 7 foreign contractors; and 4 U.S. government agencies.

In addition to the top 500 contractors, there were 1,401 other contractors for whom RDT&E procurement actions over \$25,000 were reported, for a total of 1,901 contractors for FY 1983. In FY 1982, the total number of contractors was 2,108. The top 500 RDT&E contractors received awards totaling \$16,014 million in FY 1983, compared to \$14,611 million in FY 1982, an increase of \$1,403 million or 9.6 percent. The \$16,014 million represents 98.2 percent of the \$16,301 million total prime contract awards over \$25,000 for RDT&E work in FY 1983.

Of the 32 contractors with RDT&E awards of \$100 million or more in FY 1983, 28 were business firms and 4 were educational and other nonprofit institutions. These 32 contractors had a total of \$11,370 million in RDT&E awards. In FY 1982, there were 30 contractors who reached the \$100 million plateau, with awards totaling \$11,182 million. Of these 30 contractors, 26 were business firms and 4 were educational and other nonprofit institutions. The amount of awards for this \$100 million group increased by \$188 million or 1.7 percent between FY 1982 and 1983.

The following table shows the type of RDT&E work the contractors were engaged in and the net value and percent distribution of all awards for each of these types in FY 1983. Engineering development accounted for the majority (53.0 percent) of RDT&E awards, followed by advanced development (17.4 percent).

TYPE	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E — TOTAL	<u>\$16,300,900</u>	<u>100.0</u>
Engineering Development	8,646,811	53.0
Advanced Development	2,836,719	17.4
Operational Systems	2,431,906	14.9
Exploratory Development	1,260,832	7.7
Research	762,604	4.7
Management and Support	362,028	2.2

The following table shows the net value and percent distribution of all RDT&E awards by type of program. Within the RDT&E contracts, the largest volume of awards was for the research, development, test, or evaluation of missiles & space systems and electronic & communications equipment. In FY 1983, a combined total of \$11,125 million or 68.2 percent of all RDT&E awards over \$25,000 was for work connected with these programs.

PROGRAM	AWARDS (\$000)	PERCENT OF TOTAL
RDT&E — TOTAL	<u>\$16,300,900</u>	<u>100.0</u>
Missile Systems	6,443,757	39.5
Electronics & Communications Equipment	4,681,365	28.7
Aircraft	2,072,262	12.7
Services	1,635,888	10.0
Ships	408,897	2.5
Ammunition	297,399	1.8
Weapons	277,860	1.7
Tank-Automotive	162,060	1.0
All Other	321,412	2.0
